

ESTELA SHIPPING

SINCE 1850

FORWARDING AND LOGISTICS

We provide a one-stop shop for all your logistics operations, releasing our customers from dealing with carriers, trucking companies, and warehouses.

Our experienced team and global network support your supply chain needs through a wide range of services and specialized value-added solutions.

SERVICES
Sea Freight
Air Freight
Ground Distribution
Warehousing
Customs Processing

SOLUTIONS
Ship spares management
Yacht logistics
Time critical shipments
Global Network

● SEA FREIGHT

Ocean freight handles 95% of cargo volumes for manufactures. That´s why our team closely monitors every movement of your containers and part loads.

We provide services through major global FCL, NVOCC and breakbulk carriers, as well as vendor and order management via our partners' network.

● AIR FREIGHT

As an Accredited IATA Cargo Agent, we view air shipments as a premium service and recognize the importance of real-time tracking and timely customer reporting.

Accredited
Agent

● GROUND DISTRIBUTION

With a reliable network of partners, we offer a wide range of road freight services, from standard haulage to urgent door-to-door deliveries for sensitive cargo.

● BONDED AND FREE CIRCULATION WAREHOUSING

From simple multi-vendor ocean consolidations and pallet storage to e-commerce operations and 'other than customs' procedures, we tailor our services to your needs.

At our two facilities in Spain, one in the Strait of Gibraltar and the other in Barcelona, we adapt to your company's profile and philosophy, ensuring a smooth process for your transactions.

● CUSTOMS PROCESSING

Our goal is to free you from the headache of completing the required documentation for each jurisdiction while ensuring full compliance. Save time and invest it in improving your business.

● SHIP SPARES MANAGEMENT

Estela Shipping started its business as ship agency. Spare deliveries and landings must be carried out without interfering with vessel operations. Our knowledge of the shipping industry and the peculiarities of the ports where we operate allow us to be a valuable partner for last-mile delivery.

● TIME CRITICAL

Thanks to our 24/7 culture—an inheritance from our Shipping Agency roots—our team is always available to arrange time-sensitive shipments, even when other forwarders are closed for holidays. We can handle out-of-hours customs clearance, air freight, road freight, time-definite pick-ups and deliveries, aircraft chartering, and more. If there is a way to ship it, we will make it happen.

● YACHT LOGISTICS

As Superyacht Agents, we understand the unique needs and urgencies of yachts. We handle urgent purchases for guests on board, spare parts logistics, off-season storage, Inward Processing (TPA) support, temporary imports, and tender transportation.

● GLOBAL NETWORK

Beyond our established offices in Europe and the Americas, we can extend our reach to the rest of the world through the World Cargo Alliance (WCA). WCAworld is the largest and most powerful network of independent freight forwarders, with over 11,236 member offices in 195 countries. The combined logistics capacity of WCAworld members exceeds that of the world's largest multinational freight forwarders. We have been proud members since 2009.
